Chef Henry's Café

We congratulate Slovak Garden for fifty years of caring and generosity to the Slovak community of Central Florida. The lives of those who left their homeland to come to the United States are made richer for your warm fellowship and kind support.

Even while becoming part of the fabric of this young nation, we have felt the need to express the joy in our heritage and share our pleasure in offering you food that evokes warm memories of days gone by.

We have been privileged to feel the welcome and generosity of the Slovak community in Central Florida on many occasions. We have been fortunate in this and will continue to do our utmost to make dining at Chef Henry's joyful.

Our good fortune has been multiplied by being singled out for special

recognition by two widely-respected publications. In 1999, *The Orlando Sentinel* chose us as the year's best new restaurant in Orlando. Each year since, we have earned several *Sentinel* "Foodie" awards, including "Best German/Eastern European Cuisine" and "Best Dessert." Also, in their February 2000 issue, *Florida Trend Magazine's* Restaurant Editor, Robert W. Toll, named us in the top twenty of the best new restaurants in the whole state. Recently, *Zagar's* Survey named Chef Henry's as one of the highest rated restaurants in Central Florida.

We are proud of these accolades; for this, we thank the many customers who made us part of their lives — without you it could not have happened.
